27. Practices self evaluation in order to identify areas for improvement.	X				
28. Wisely selects and seeks learning experiences in an effort to increase skills and improve areas of weakness.	X				
OVERALL: I would rate this student's performance:		X			

COMMENTS: Outstanding student who continues to grow. Very teachable - great knowledge base to build on. Very confident yet cautious + deliberate in her actions. Not cavalier. Able to handle her pt's dx easily by end of semester + making recommendations appropriately. Will be an asset to the group she joins post graduation.
